 - 2 X 0,10 \$
 - 2 X 0,05 \$

- randomly give each player a grocery list

Rules:

- 1) On your turn, take two product cards. You can either:
 - buy both items* from the store, or
 - not buy the items* and return the cards to the pile.
- 2) If you choose to buy the items, you must
 - pay with the exact amount.
- 3) If you don't buy the items, you must
 - return the cards to the pile, and
 - wait for your next turn.
- 4) After you've made your purchases, you must
 - draw a new card from the cash box, and
 - wait for the next player to pick their cards.

Objective

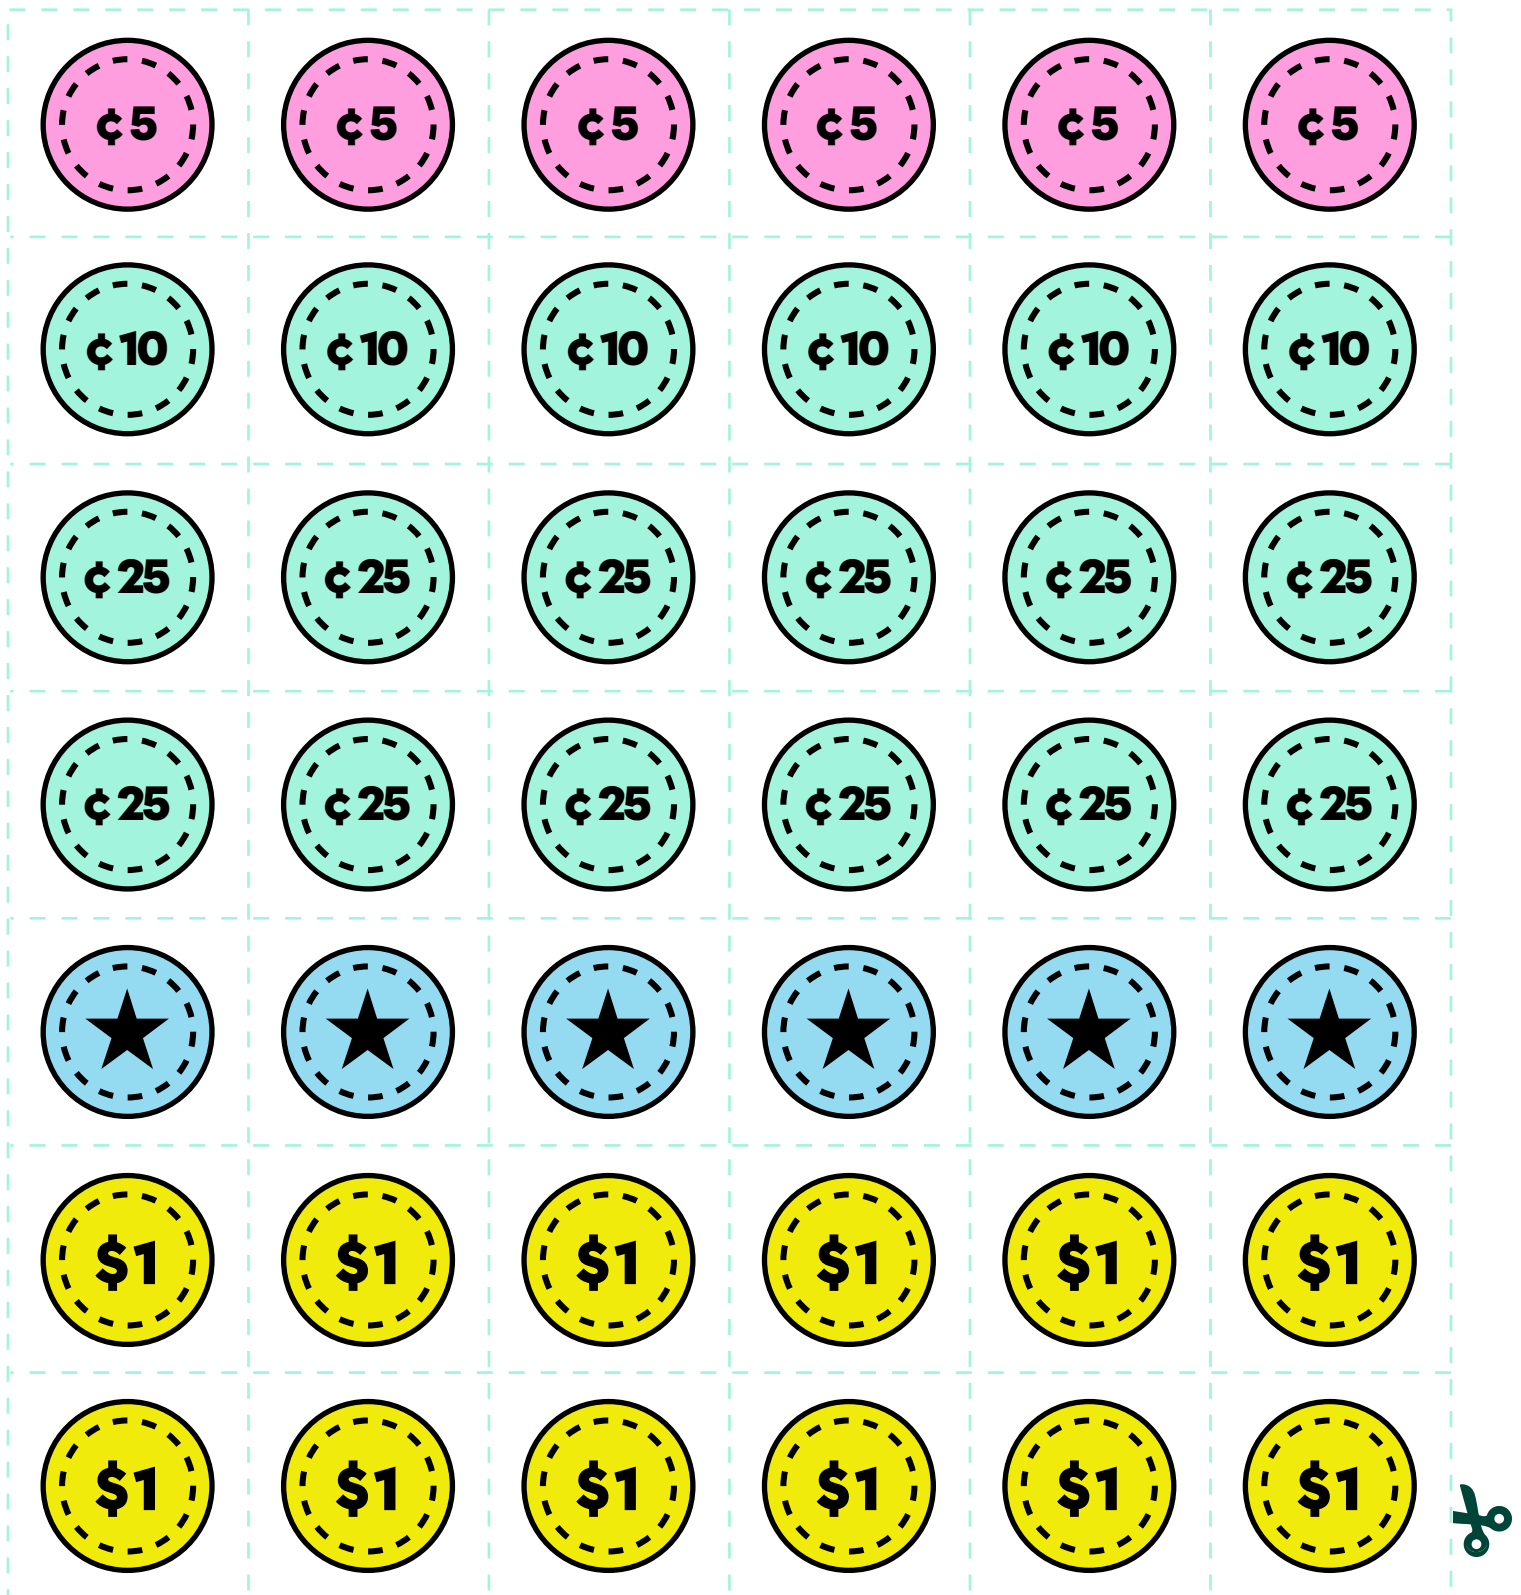

You win when you've completed your grocery list!

*You can only purchase the items on your grocery list.

Note: Money cards with a star are wild cards—a bit like Jokers—and can have any value.
