

# Flo's treasure: Tips and tricks for stress-free homework and lesson review

Positive reinforcement is a great way to get your child to cooperate. Especially when it comes to homework and lesson review! Thanks to Flo's magical treasure, you can help your child learn better behaviours and finish their tasks in good spirits.

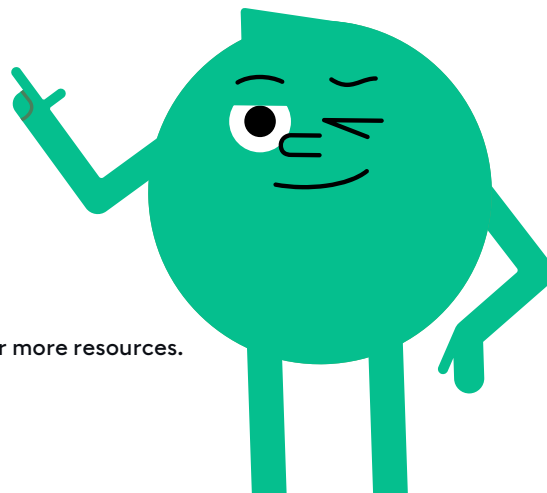

## Instructions:

- 1• **Print out our tool.**
- 2• **Cut out the diamonds.**
- 3• **Cut out the treasures.**
- 4• **Place the diamonds on the stones along the path to the treasure.**
- 5• **Place the treasures on the chest.**
- 6• **Every time your child misbehaves, remove the corresponding diamond.**

The goal is for your child to finish their homework or lesson review with all the diamonds still in place. If they succeed, they'll get to choose a treasure!

\*Remember, you call the shots! If your child "loses" a diamond, but tries harder afterwards, you can always put it back. It's up to you.

## Diamonds:

1. Organization  

2. Behaviour  

3. Effort  

4. Autonomy  

5. Attitude  

You got this!

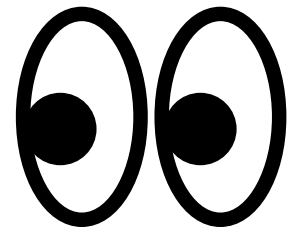

## Treasures:

1. Permission to read a few more pages before bed.  

2. Permission to choose the next family movie.  

3. Permission to stay up 5 minutes later.  

4. Permission to have a special snack.
