

The Allomarket

A money counting game

Rules

Directions:

- Print out the document
- Glue each sheet on a piece of card stock to make the cards sturdier
- Cut out the cards and lists

Setup:

- each player starts with \$8.80:
 - $6 \times 0,25 \$$
 - $2 \times 2,00 \$$
 - $3 \times 1,00 \$$
 - $2 \times 0,10 \$$
 - $2 \times 0,05 \$$
- shuffle the product cards
- place the product cards facedown
- shuffle the money cards
- put the money cards in a pile on the game board (this is your cash box)
- randomly give each player a grocery list

Rules:

- 1) On your turn, take two product cards. You can either:
 - buy both items* from the store, or
 - not buy the items* and return the cards to the pile.
- 2) If you choose to buy the items, you must
 - pay with the exact amount.
- 3) If you don't buy the items, you must
 - return the cards to the pile, and
 - wait for your next turn.
- 4) After you've made your purchases, you must
 - draw a new card from the cash box, and
 - wait for the next player to pick their cards.

Objective

You win when you've completed your grocery list!

*You can only purchase the items on your grocery list.

Note: Money cards with a star are wild cards—a bit like Jokers—and can have any value.
