

# Les principaux symboles électriques

Les sources de courant		Les interrupteurs			
Pile 1,5 V	Batterie 3 V	Interrupteur à bascule	Interrupteur-poussoir	Interrupteur magnétique	
					
Autres batteries	Prise de courant	Interrupteur bidirectionnel	Interrupteur bipolaire	Relai	
					
Les tranformateurs d'énergie					
Courant alternatif	Cellule photoélectrique	Avertisseur sonore	Ampoule	Hautparleur	
					
Génératrice	Condensateur	Élément chauffant	Moteur	DEL (diode électroluminescente)	
					
Autres symboles					
Fil	Résistor	Ampèremètre	Voltmètre	Fusible	Diode
