

La Pâtisserie Flo-fractions!

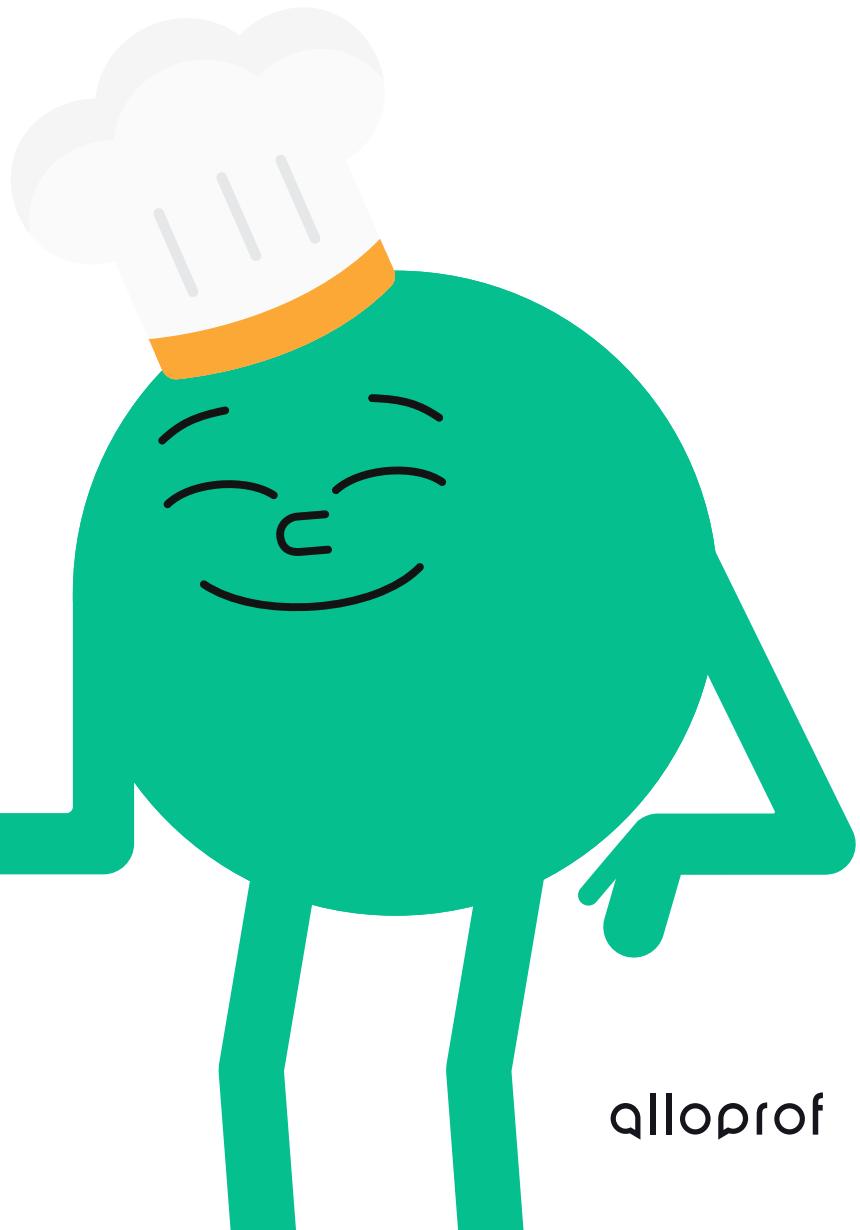

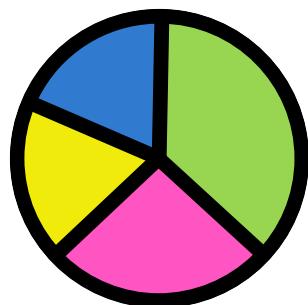

Pour t'aider à mieux comprendre les fractions et à repérer celles qui sont équivalentes, voici une sympathique activité.

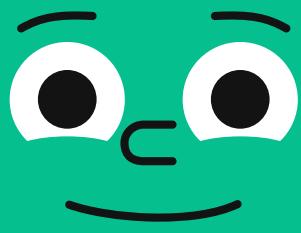

Bienvenue à la Pâtisserie Flo-fractions! Nos gâteaux ne sont pas tous séparés de la même façon, mais on veut s'assurer de remettre des portions équivalentes à nos clients.

On a besoin de ton aide pour repérer et visualiser les fractions équivalentes!

$$\frac{1}{2}$$

La Pâtisserie Flo-fractions!

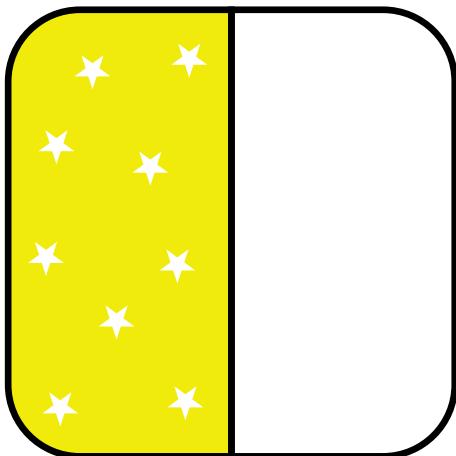

Première partie

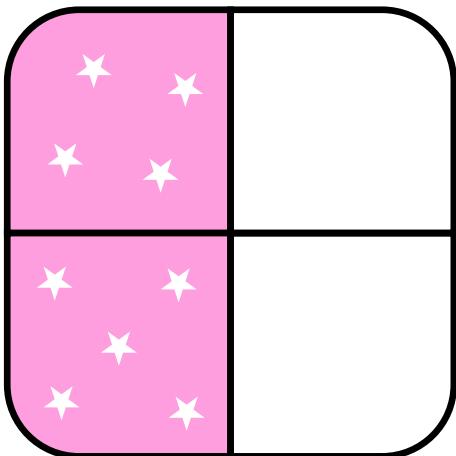

Marche à suivre :

1. Écris les fractions en dessous de chaque dessin de gâteau.

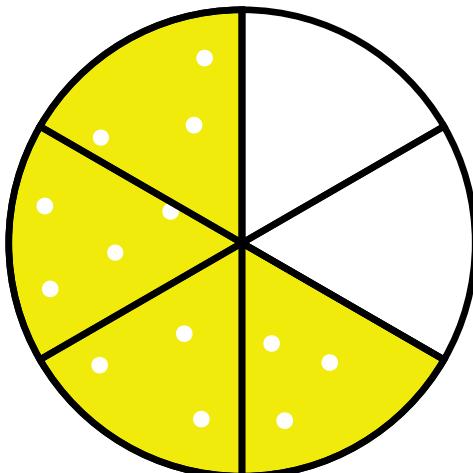

=

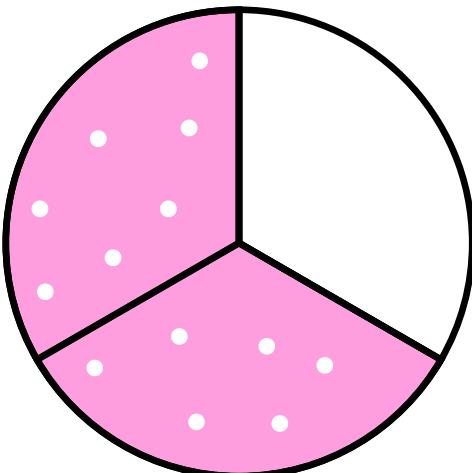

Exemple :

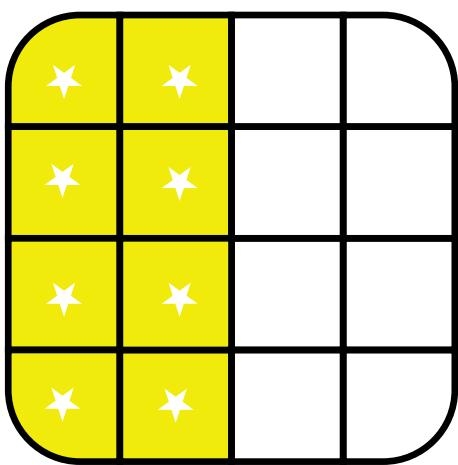

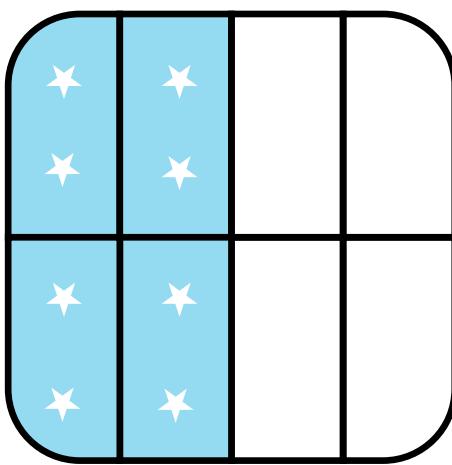

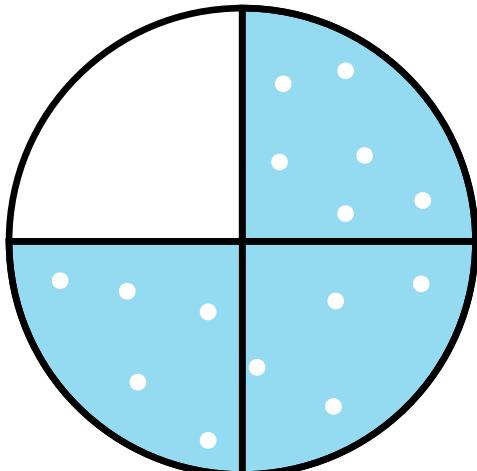

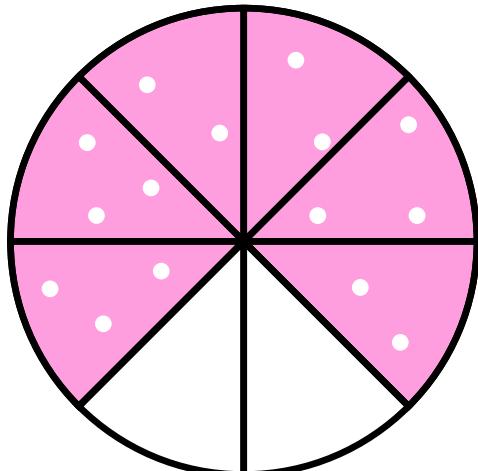

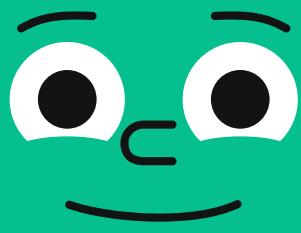

$$\frac{1}{2}$$

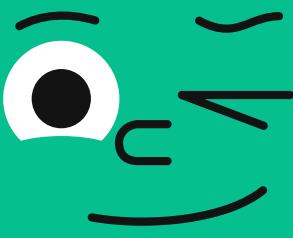

=

La Pâtisserie Flo-fractions!

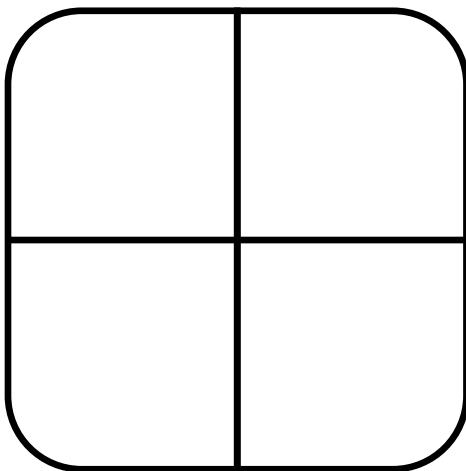

La Pâtisserie Flo-fractions!

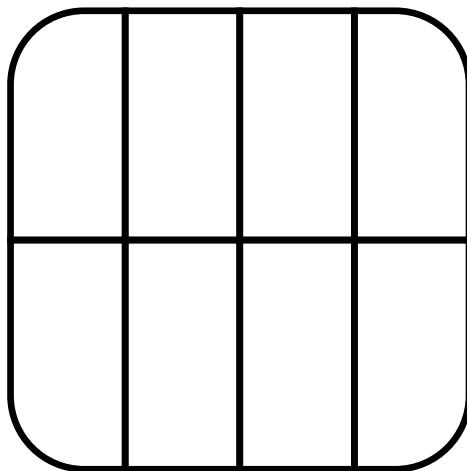

Deuxième partie

Marche à suivre :

Colorie ou décore les parts de gâteau selon la fraction inscrite en dessous de chacun d'eux.

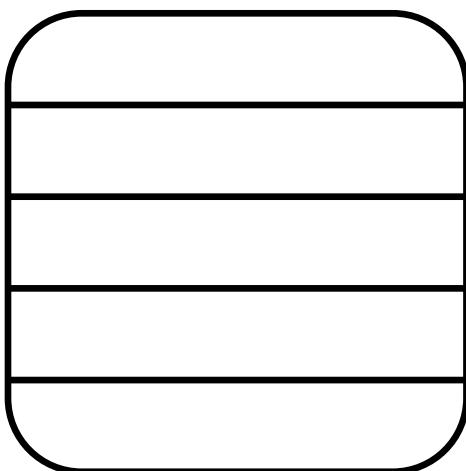

=

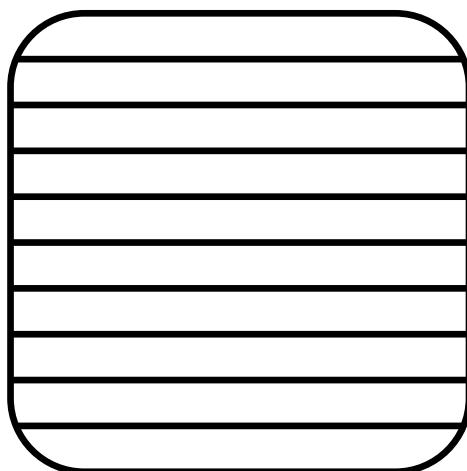

$$\frac{2}{4}$$

$$\frac{4}{8}$$

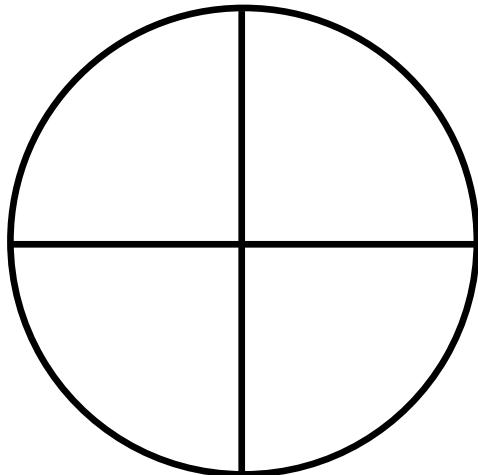

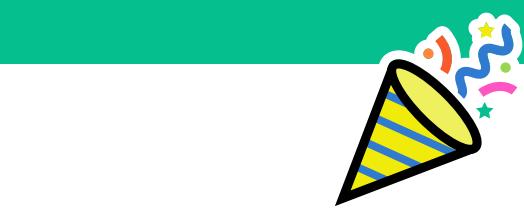

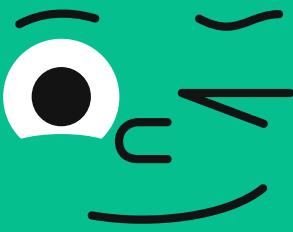

=

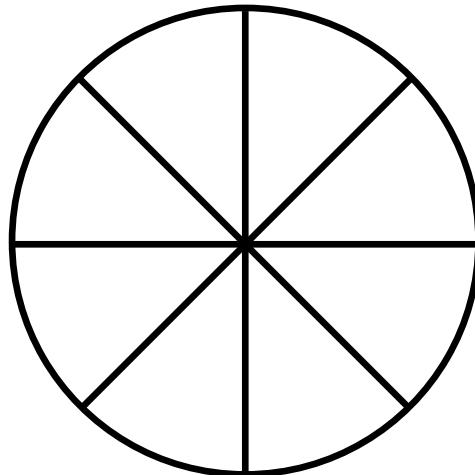

$$\frac{4}{5}$$

$$\frac{8}{10}$$

La Pâtisserie Flo-fractions!

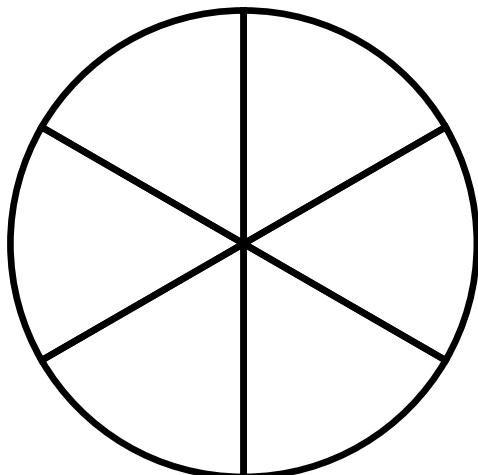

=

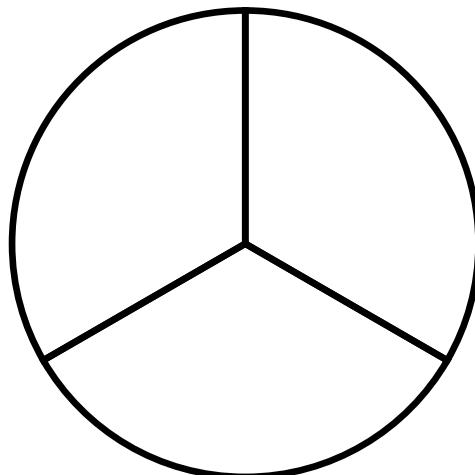

$$\frac{1}{4}$$

$$\frac{2}{8}$$

=

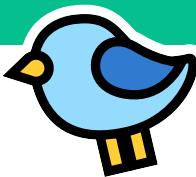

$$\frac{4}{6}$$

$$\frac{2}{3}$$

La Pâtisserie Flo-fractions!

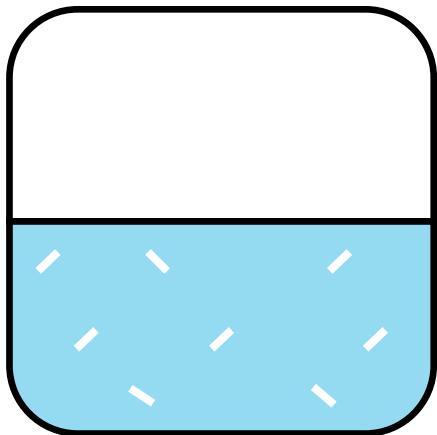

Troisième partie

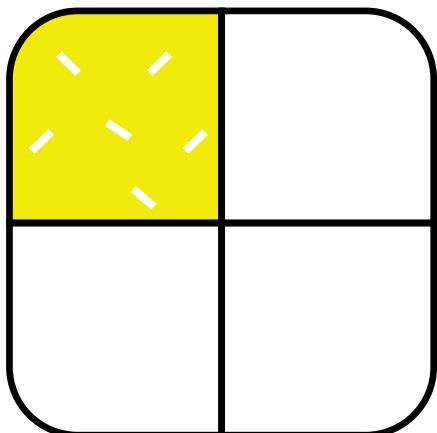

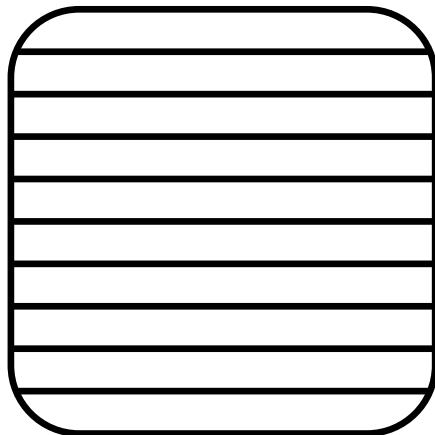

Marche à suivre :

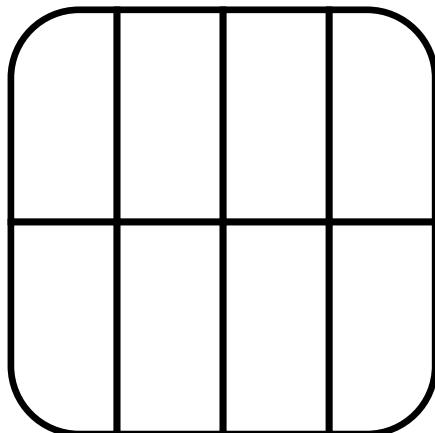

1. En te fiant au gâteau et à la fraction de gauche, colorie les parts de gâteau équivalentes à droite. Tu peux les décorer à ton goût.
2. Inscris la fraction équivalente en dessous du gâteau de droite.

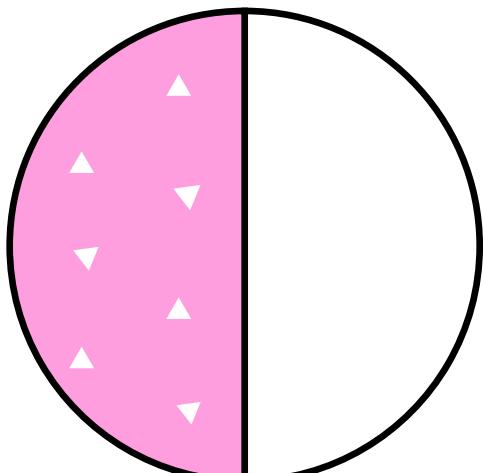

=

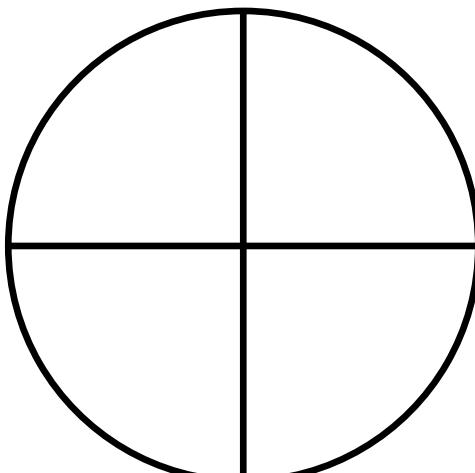

=

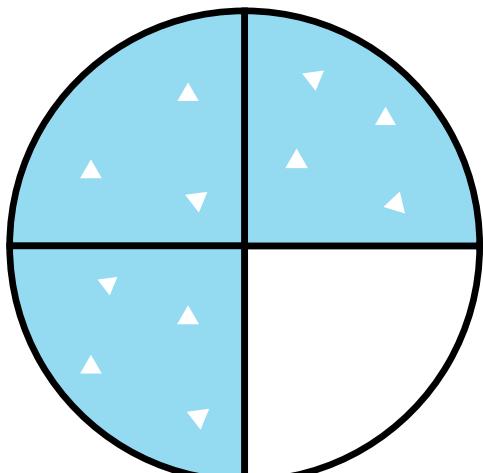

La Pâtisserie Flo-fractions!

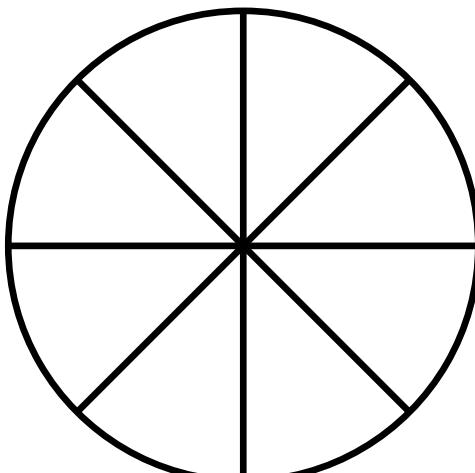

=

$$\frac{1}{2}$$

=

$$\frac{3}{4}$$

La Pâtisserie Flo-fractions!

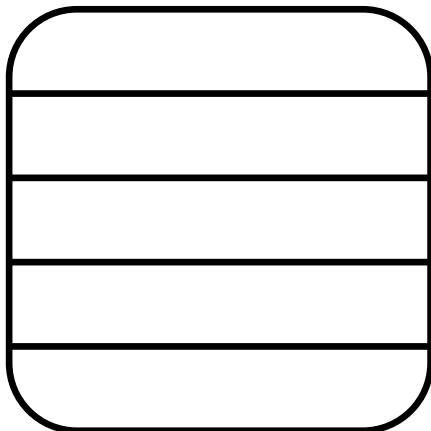

Quatrième partie

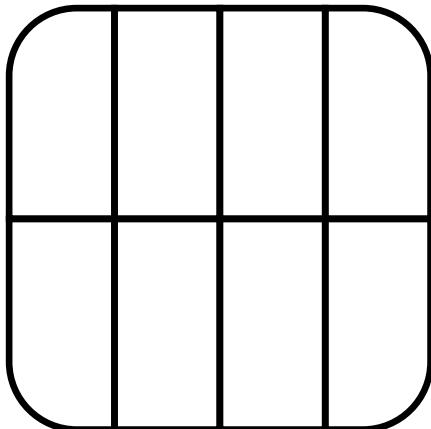

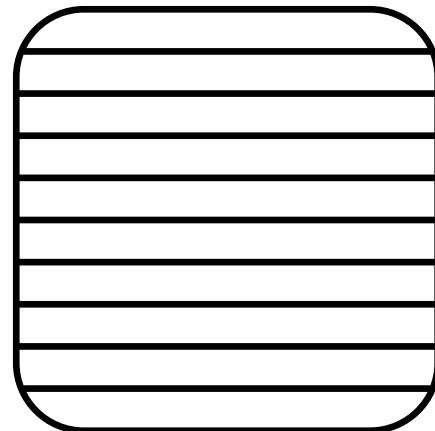

Marche à suivre :

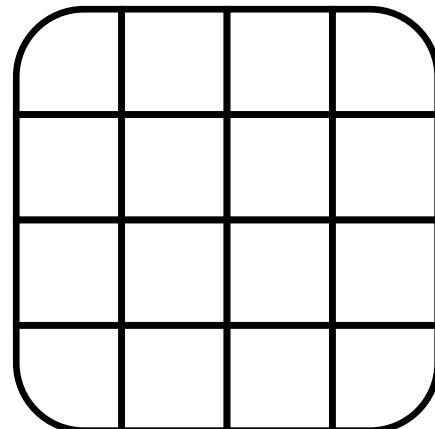

1. Colorie les parts de gâteau à gauche selon la fraction indiquée en dessous.
2. Colorie la fraction équivalente à droite. Assure-toi de sélectionner la même quantité de gâteau que tu as coloriée à gauche.
3. Inscris la fraction équivalente en dessous du gâteau à droite.

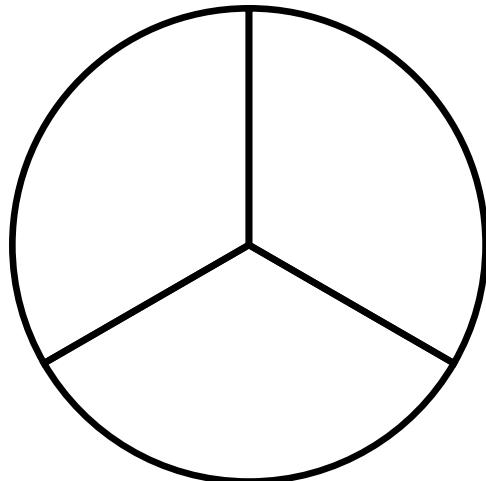

$$\frac{3}{5}$$

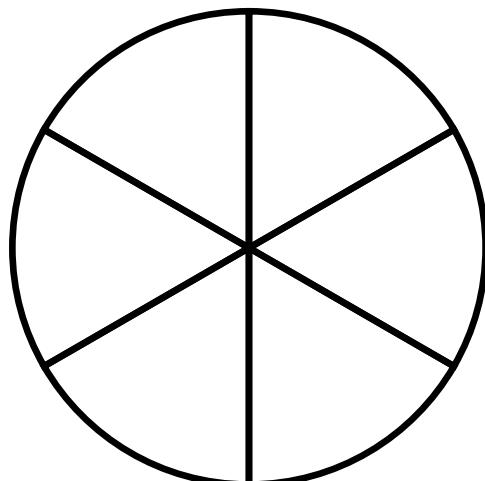

$$\frac{5}{8}$$
