Sharpen your math skills as you bring the Book of Spells monster to life!
To know which colours to use, simply solve the equations.

Don't have the suggested colours, or want to express your creativity?
Use the colours of your choice, but make sure to solve the mathematical operations like normal!

Psst! Check out Book of Spells, a fun interactive library filled with stories for Grade 3 and Grade 4 students, written by Quebec authors.
After reading different texts, answer reading comprehension questions to free and feed little monsters.

Speedy Rabbit

Sharpen your math skills as you bring Speedy Rabbit to life!
To know which colours to use, simply solve the equations.

Don't have the suggested colours, or want to express your creativity?
Use the colours of your choice, but make sure to solve the mathematical operations like normal!

 12	 9	 7	 20	 14
 8	 22	 6	 17	 18

Psst! Did you know that Speedy Rabbit is the most popular math tables game in Quebec?
Guide your bunny avatar through the biggest math race of your life!

PP l'archer
