# Spot the 6 Differences: Sedentarization

Student booklet

Look closely at the two pictures. You will find six differences between the lifestyles of nomadic people and sedentary people. Circle and number each of these differences. Then, briefly explain each difference in the space provided.

### A Nomadic People in the Paleolithic Period

### A Sedentary People in the Neolithic Period

| Difference # | Category | Explanation |
|--------------|----------|-------------|
| 1            |          |             |
| 2            |          |             |
| 3            |          |             |
| 4            |          |             |
| 5            |          |             |
| 6            |          |             |
