Find the code to open the treasure chest! Complete the seven missions and write down the digits in order. Each correct answer corresponds to a digit in the code.

1. On the home page, click on *Games* and choose the **Book of Spells** game. Find the *Sally Seagull* book. How many French fries are shown on the cover?

2. Now find the book *Greece*. Read the first page. How many Greek islands has the narrator visited?

3. In the Video section, find the mathematics video ***Telling the Time on a Clock***. What time is it on the first blue clock in the video?

5. Find the concept sheet ***The Response Process***. How many illustrations of the brain are on that concept sheet?

4. On the home page, click on *Games* and choose the **Speedy Rabbit** game. Select *Quick Play* mode and start a game. How many characters are racing at the same time?

6. Find the **Stars** science concept sheet. How many stars are in the Cassiopeia constellation?

7. On the home page, the falling objects make our mascot Flo react. How many different objects are there?
