

# Response Process

Having trouble making a connection?

Tips

Try to:

Focus on the general message of the text:

What is the text about?

Which elements are familiar to you?

What is your opinion on the text?

Compare the text to a familiar situation:

What does it make you think of?

Why does it make you think of that?

How does it compare to a situation familiar to you?

Put yourself in the character's place:

How would you have reacted in the character's place?

What would you have done differently?

How do you agree with the character's actions?

Who does the character remind you of?
